## The Colliery is Closed.

## Strike Order

## Is In Effect In West Virginia

President Mitchell Says the Strike is Practically Complete

Water is Collecting on the Lower Levels, But Does Not Appear To Worry the Operators.

Wheeling, June 7.—The Stanton colliery is closed tight because of the strike. Even the coal and water with the exception of four pumps, gave up their jobs and left. There were about 20 in the mine. The preliminary hearing of the coal and iron policemen who are charged with the shooting of James McAnn, the 12-year-old boy, has not been held. The condition of the mine is still serious, but it is believed it will recover.

President Mitchell says that the strike of the engineers and pumpmen is practically complete. The mine is in a very bad condition. As far as the water is concerned there has been no change in the situation. Water is collecting in the lower levels of the mine, but the coal and iron policemen seem to be indifferent regarding the flooding of the mine.

The owners of Nanticoke have been in the coal company to obtain a permit from cutting off the water supply for a portion of the mine. The coal company furnishes the power for pumping water into the mine and when the engineers, miners and pumpmen quit the company the pumps were shut down.

On June 7, the mine was shot and sealed by Robert Hadden, a former agent of the coal company, who was arrested by the mine and taken to the police station. He was passing through the mine when he was arrested.

Strikes in West Virginia.

Hammond, W. Va., June 7.—The strike in a general strike of the coal miners in the West Virginia, known as the 1903 strike, took effect today. The miners went out from headquarters of the National United Mine Workers of America through a convention held in Huntington, W. Va., a few weeks ago.

The convention was composed of 25 delegates the majority of whom were from the coal fields of West Virginia. The chief issue is for recognition of the union. There is no question of wages. Union sentiment has been strong and strike movements have been popular in the coal fields. The miners are in charge of the movement in northern West Virginia and "Union" we get half of the movement today in West Virginia.

The miners claim a victory. Failing to get the operators to gain and lose their strength thereafter. The miners are hard to reach and hard to get.

Riot Proclamations.

Hammond, Pa., June 7.—Riot proclamations were posted everywhere on the property of the Lehigh Valley Coal Company at Yorktown. Sheriff Bedell of Schuylkill county came up to the mine and was met by District Prosecutors. The sheriff said his visit was to acquaint himself with the situation. The mine workers were advised by Sheriff Gilbert of Carbon county that the commissions of the deputies sworn in by him at Yorktown during the last two days have been revoked, as requested by District Prosecutors.

Threaten Trouble.

Hammond, Pa., June 7.—The miners in the Lykens valley region are threatening to make trouble if the pumpmen and engineers do not quit work. In the past 24 hours operators have been in the mine. Officials have been in the mine. When the men left their posts at quitting time, they started for their homes, but were halted and jeered by the strikers and bad eggs were hurled at them.

Mitchell to Direct It.

Hammond, Pa., June 7.—The strike of the soft coal miners in West Virginia for higher wages will be directed by President Mitchell from Wheeling. Mr. Mitchell said there are 30,000 men in that field, that 18,000 will stop work today, that he expects the others will all be out.

In the course of a few days, Mr. Mitchell positively denied the knowledge of any peace negotiations.

Miners Out.

Diageos, W. Va., June 7.—About hundred miners at Lehigh Valley Coal Company's mines, went out on strike today.

Kruger to Retain.

London, June 7.—It is reported that the government has been negotiating with Dr. Kruger, the Dutch premier, with regard to the Boer delegates in Europe, and has guaranteed them a safe conduct to South Africa. On account of former President Kruger's advanced age and infirmities, the government has waived the claim for his acknowledgment of British sovereignty.

National Travelers.

Portland, Or., June 7.—The national convention of Travelers' Protective association selected Indianapolis as their place of meeting in 1903 and elected Howard W. Peaks of Texas president by acclamation.

## JUDGE KILLED.

Peculiar Fatal Accident at Cleveland.

Cleveland, June 7.—H. E. L. Zwick of Dayton, O., while acting as field judge at the Cleveland interscholastic field meet, held at the Glenville tracks, was killed in a peculiar manner while in the discharge of his office. In the hammer-throwing contest, a contestant, Shorburn Wightman, swung the hammer preparatory to throwing it. It parted in his hands, one of the pieces striking Zwick, who was standing 20 feet away, squarely in the stomach. He died two hours later. Zwick had just graduated from Case law school.

## ENORMOUS FEE

Demand by the Late Senator's Physician.

Pittsburg, June 7.—The case of Dr. Walter Browning vs. the estate of C. L. Magee came up in orphans court.

Dr. Browning sued the estate of the late senator for \$100,000 as a medical fee for treating him in Philadelphia and elsewhere. The executor refused to pay so large a bill. Now Dr. Browning demands his charge making it \$100,000. Sensational testimony is expected.

Landed With Supplies.

New York, June 7.—Laden with 500 tons of supplies for the ships on the Asiatic station, the steamer Buffalo has called for Manila. The ship also carried 700 soldiers to replace those whose terms of service on the ships of the European and Asiatic stations have expired. The Buffalo will not direct to Gibraltar, and is expected to make the trip to Manila in 42 days.

Train Kills Two Italians.

Stonewall, N. Y., June 7.—Basilio Marino, 35, and Giuseppe Marino, 18, two of a floating gang crew on the Panhandle, were killed while going to work. They were walking the track and stepped out of the road of a train on the westbound track to be struck by an eastbound passenger and hurled against cars on the siding.

Strikes in Manila.

Manila, June 7.—Several strikes are imminent in Manila. The employees have refused the general demand for an increase of 50 per cent in wages put forward by the workmen.

"J. P. MORGAN"

Is the Label on the Effigy Suspended From a Telegraph Pole.

Wilkesbarre, Penn., June 7.—The effigy of J. P. Morgan is swinging from a telegraph pole on Parrish street, south Wilkesbarre today. The stuff of effigy was strung up last night by unknown parties and a placard tacked on the coat reads "J. P. Morgan." The police say they will not remove the effigy until they have special orders to do so.

WARRANTS

Have Been Issued for Those Who Took Part in the Riot.

Wilkesbarre, June 7.—At the Bliss Colliery this morning, Frederick and Sweeney, a non-union engineer and a watchman at the mine were set upon by a mob of 100 men, women and children, and severely beaten. Warrants are out for the arrest of 17 men who took part in the riot.

The Weather.

Washington, June 7.—Ohio, showers and thunderstorms tonight; cooler except in central portion; Sunday, cooler and generally fair, except showers in the extreme eastern portion.

## SEA

## Rose Above Normal Level

## And Fell Again

To an Equal Distance Below Normal Level.

Mount Pelée is Again in Condition of a Violent Eruption.

The Spectacle was Most Impressive but There were No Detonations and No Shower of Ashes.

Fort de France, Island of Martinique, June 7.—Mount Pelée is still in violent eruption. An enormous column of black smoke rose from the volcano to a height estimated at four miles, and then spread rapidly into a mushroom-shaped cloud, which appeared to have a diameter of 40 miles. The spectacle was most impressive, but there were no detonations, no electrical display and no showers of ashes. Fort de France has been shrouded in intense gloom like that which accompanies a total eclipse of the sun. The most notable phenomenon was that the sea rose nearly three feet, then fell to below its normal level and then returned to its normal level. The cause of this is inexplicable. The sky is now clear, but a heavy surf is beating on the coast. Reports of damage have been received. It is probable that the area of activity and destruction is the same as that of previous outbreaks.

Professor Heilprin and George Kennan noticed a great outburst of yellow vapor from the volcano when they were at Prechou. These outbursts seem to be positive precursors of severe eruptions.

MOBBED HIM.

Severe Punishment is Meted Out to a Murderer.

Bristol, Tenn., June 7.—Information has been received here that Willie Gann, a negro, who attempted to assault the 12-year-old daughter of a farmer living in Wise county, Va., was lynched by a mob near Toms Creek, Va. Gann endeavored to make his escape but was quickly surrounded by the mob, who tied his body with bullets.

WILL KEEP OUT.

Ohio Miners' President Says They Will Not Strike From Sympathy.

Bridgeport, Ohio, June 7.—President Hopkins of the Ohio Miners' association is here today. He says the miners of this state will not strike in sympathy with the anthracite men.

Grain and Pork.

Chicago, June 7.—Closing July wheat 72 1/2; corn 63 1/2; oats 36 1/2; pork 17 1/2.

COURTMARTIAL

Recommended For Officers of the Chicago.

Washington, June 7.—Secretary Moody this morning made this announcement in regard to the officers of a Chicago, arrested at Venice: "The Court of Inquiry recommends a trial by court martial of Lieutenant John S. Dredge, U. S. N.; Capt. Robert F. Wynne, U. S. M. C.; and assistant surgeon Robert E. Ledbetter, U. S. N., on the charge of unbecoming behavior in public, and that no further action be taken in case of naval cadet James C. Kress and private Wilford Langley, U. S. M. C."

AMERICAN

Special Ambassador Arrives at the Big Show.

Quebec, June 7.—Whitlaw Reid, American Special Ambassador to the Corporation, arrived today at the Grand Laver Umbria today. He got a big bunch of letters from J. P. Morgan.

## WOOD'S SALARY

Will Continue to be Five Thousand Per Year.

Washington, June 7.—Five of the Democratic members of the military committee united in a minority report, which says in part: "General Wood is an officer of the United States army, and, as such officer, was governor general of Cuba and in command of the United States forces in Cuba. His pay and emoluments of office were fixed by statute as an officer of the United States government. The pay of a brigadier general of the army is fixed by statute at \$5,500 per annum, and 10 per cent thereof for serving beyond the limits of the United States." The report then cites the provision of the law that no allowance shall be made to officers in addition to their pay.

## KIDNAPPED

Several Years Ago But Now Safe at Home.

Cincinnati, June 7.—Margaret Taylor, who was kidnapped from this city over four years ago, arrived here accompanied by her parents and her brother Edward, aged three years, whom she had never seen till they met at New York this week. "Baby" Taylor, as she became known here, was met at the depot by a force of newspaper reporters, who interviewed her, some of whom she confessed by talking Italian. When the party reached their home in Columbusville there was an ovation of neighbors and sympathizing friends. Interest now centers in the extradition of the aunt, Clara Taylor, from Italy, and the application at Columbus for the pardon of the grandmother and Miss Frances Taylor, an aunt.

## NEW SYSTEM

Will be Inaugurated by the Big Packers.

Chicago, June 7.—The packing houses of Chicago are preparing to introduce more modern methods into their system of meat delivery for the city trade. They will use the railway lines. During the recent strike of the teamsters the scheme, it is said, was given a thorough and successful test. Once in effect, the packers will require but one-fourth of the present force of drivers.

Both Claimed It.

Atlanta, June 7.—Later returns from the Democratic primaries confirm the estimated result, with the exception of the nomination for congressman in the Tenth district, W. H. Fleming, the present representative and T. W. Hardwick, his opponent. Both claim his district, but the race is so close that the official count will be required to decide it.

Their Escape From  
a House

In South Lima

Burglars Call at House  
On Broadway

And are Unexpectedly Inter-  
rupted in Their Their-  
Work.

Popular Young People of South  
Lima are Quietly Married.  
Several Social Affairs Are  
Enjoyed—Personals.

W. C. O'Brien's home on Broadway  
was entered by burglars Thursday  
evening. Mrs. O'Brien and a neigh-  
bor lady were sitting upon the front  
porch when they heard a suspicious  
commotion within the house. They  
went in to investigate but discovered  
nothing. Again their attention was at-  
tracted and upon entering the house  
they were met by two men who were  
dressed in dark clothing. The burg-  
lars were so frightened they could  
not raise an alarm. In the in-  
terim the men ran up the stairs sprang  
through a window and upon the roof  
of the house. The burglar was un-  
der the impression that the burglar  
was in the house. On later in-  
vestigation nothing had been taken  
from the house.

**Quiet Wedding**  
The wedding of the charming person  
was pleasantly surprised to learn of  
the wedding Wednesday evening.  
Miss Lillian H. to Mr. M. L.  
Hamm. The couple were wed-  
ded at 10 o'clock at the home of the  
bride's parents, Mr. and Mrs. Philip Huber.  
The ceremony was performed by  
Rev. G. H. Sims, of South Lima. The  
couple were accompanied by their  
parents and a large number of friends.

## THE GRANDEST

The Most Satisfactory and Safest Med-  
icine any Sick Woman Can Take.

Thus Does a Prominent Brooklyn, N. Y., Woman, Speak  
of Lydia E. Pinkham's Vegetable Compound.

When a woman of the prominence and social standing of Mrs. Atherton  
whose portrait we are herewith permitted to reproduce, voluntarily furnishes  
us with a letter of such unqualified endorsement as the following, we feel  
that we not only owe her a debt of gratitude, but all women who are ill  
should feel under deep obligations to her, for she tells them in unmistakable  
words where they may look for a cure and not be disappointed.

Such testimony should be accepted by all women as convincing evidence  
that Lydia E. Pinkham's Vegetable Compound stands without a peer  
as a remedy for all the distressing ills of women; all ovarian troubles; in-  
flammation; ulceration; falling and displacements of the womb; backache;  
irregular, suppressed or painful menstruation. Surely the volume and char-  
acter of the testimonial letters we are daily printing in the newspapers can  
leave no room for doubt. Truly it is said that it is Lydia E. Pinkham's  
Vegetable Compound that is curing so many women, and no other medicine.

**MRS FLORENCE ATHERTON,**  
Vice-President Societe Francaise de Bienfaisance, Brooklyn, N. Y.  
"DEAR MRS. PINKHAM—For the benefit of suffering women I want  
to testify to the fact that I have by personal experience and by friends  
who have been cured by using Lydia E. Pinkham's Vegetable Com-  
pound come to the conclusion that it is the safest, the grandest and the  
most satisfactory medicine any sick woman can take. Life was a bur-  
den to me five years ago. I felt so miserable with female troubles and  
irregular menstruation, to-day it is all different, for I am perfectly well.  
Dozens of my lady friends join me in singing your praise. Yours,  
FLORENCE ATHERTON, 47 Hoyt St., Brooklyn, N. Y."

**"A Boston Woman's Experience."**  
"DEAR MRS. PINKHAM—I cannot praise Lydia E. Pinkham's Vege-  
table Compound enough. I was a sick woman when I commenced to take  
it. My trouble was female disease and I had pain in my back and sides. The  
doctor said I was going into consumption. I had been married eight years but  
had no children. I had some of the best doctors in the city but none seemed  
to cure me so I decided to take your medicine, and it has made me a new  
woman, and I now have a lovely little baby boy. I would advise all sick and  
weak women to take Lydia E. Pinkham's Vegetable Compound."  
—MRS. ALPHEUS CROCK 18 Rockwell St., Place Roxbury District Boston Mass.

Remember every woman is cordially invited to write to Mrs.  
Pinkham if there is anything about her symptoms she does not  
understand. Her address is Lynn, Mass., her advice is free and  
cheerfully given to every ailing woman who asks for it.

**\$5000**  
REWARD.—We have deposited with the National City Bank of Lynn, \$5000,  
which will be paid to any person who can find that the above testimonial letters  
are not genuine, or were published before obtaining the writer's special per-  
mission.

## OIL.

A Flutter Created  
by the  
Two New WellsWhich were Drilled in  
During the Week.Richland Township was Re-  
sponsible for Both the  
New Gushers.One of Them was Jessup, King &  
Aiken's, and the Other One  
Belonged to Spellacy  
Bros. & Gray.

Allen county has been furnishing some excitement for the talent during the present week, two new wells which opened up with a splendid showing being responsible for a small sized boom. On the L. Augsberger farm, section 31, Richland township, Jessup, King & Aiken completed No. 1 well, Wednesday, two locations east of the big Chidester well. Before the shot there was considerable flow of oil, which was allowed to run on the ground, and the tanks were connected up at 1 o'clock Wednesday afternoon. By 2 o'clock Thursday afternoon one 250 bbl tank had been filled, and another of similar size was filled at 10 o'clock this morning making an out put of 250 bbls in 20 hours. The well is still flowing, though the product is pretty heavy.

In section 22, Richland, Spellacy Bros. & Gray have what appears to be a gusher on the Hauenstein farm. It made several flows before the shot and was tugged and put to pumping today, with indications that it will be better than the Phillips well nearby which was making 65 bbls.

The following wells have been completed at Ohio City this week: Wilbur & Herring's on the A. Dietrich section 2, Willsboro, did 1 bbls the first day. W. R. Reese on the O. Putnam, section 1, Liberty township, Mercer county, 20 bbls. Ohio Oil company's on Eber farm, section 2, Willsboro, flowed nicely after shot and appears to be a first class well.

Van Wert county is rapidly coming to the front ranks of the Buckeye countries in field operations and at present it is attracting a major share of attention from operators, principally due to the increased work following the opening of the Ohio City field. The present month should definitely determine what that district will amount to, and the operators are going at it in a manner which should speedily end the uncertainty and fix the status of the newly attractive district.

In and about Ohio City there are a number of wells under way, the operations being confined almost entirely to Liberty township, with an occasional venture into Willsboro, or down in Dublin township of Mercer county.

In Liberty township the following wells, all of which are tests, are now being drilled:

In section 18, Roth & Argue have just started on the J. A. Hoffmann, which is near the original Exline and other wells drilled by the Barley Oil company.

In section 19, the Ohio Oil company is drilling on the L. Ballinger, near the good ones secured by the Niagara Oil company a short time ago.

In section 21, Vorpe & Burefield are reported in the sand on the P. Tickle farm which lies near the King farm completed, which is proving one of the most substantial in the field.

In section 26, north-east of the Ayres well, D. W. Howe is drilling on the C. M. Scheidt farm.

Section 27 has furnished dry holes alongside producers, and here two wells are being drilled, one by Colt & Co. on the William Krough farm, and another by McDonald & Co. on the C. Knebeck.

In section 31, adjoining the Ayres well, Vorpe & Miller are drilling on the H. Kiser farm.

Northeast of Ohio City, Broadwater & Co. have a well drilling on the D. Koogle farm, section 14.

Up to the northwest of the present field, Remond & Co. are drilling on the McCreim farm, in section 6.

In Willsboro township the Ohio Oil

is drilling on the J. A. Hoffmann farm, section 18.

Up in Pleasant township, Roth, Argue & Co. are also drilling on the Carothers farm, section 33.

OTHER VAN WERT WORK.

Jennings township is keeping up its noteholding activity, and at present there are 18 new wells under way inside the limits of that township. In section 4, the Ohio Oil Co. is drilling No. 1, John Rohrig and No. 8 Lewis Shaffer, and the same company has a new one on the Henry Shaffer farm, section 9.

D. A. Herring, as trustee, has 14 wells under way in this township, as follows: Section 6, Nos. 7 and 8, H. H. Morgan, 4. M. A. Morgan, 17, 18 and 19 M. H. Morgan section 5, No. 2 Williams heirs; section 7, Nos. 7 W. W. Jones and 9 R. Jarvis, 5, R. W. Jones, and 8 J. W. Evans, section 9, Nos. 1 D. J. Jones, and 9 T. T. Jones; and in section 17, No. 3 John Richards.

In section 8, Elliott & Co. are also drilling No. 3 on the J. H. Morgan lease.

IN YORK TOWNSHIP.

In York township there are 12 wells under way, five of which are in section 12. Of these, D. A. Herring has Nos. 10, 11 and 12 on the J. C. George farm, the Empire Oil & Refining company is drilling No. 8, D. M. Jones, and the Cuba Petroleum company is drilling No. 4 Mary Morris.

R. G. Gillespie is drilling No. 4 and 6 J. M. Strother, section 2 and No. 9 E. A. Evans, section 1.

The Ohio Oil company has rigs up for No. 6, J. L. Evans, section 1 and No. 9 T. H. Roberts, section 2.

In section 4, the Bowgill Oil company is drilling No. 1 on its C. R. Hillier lease.

The Jardeck Oil company has the rig up for a new well on the H. Clark farm, in section 26.

IN LITTLE TOWNSHIP WORK.

There are 11 wells drilling or rigs up in Ridge township, the majority in section 6. The Ohio Oil company is drilling Nos. 4, 5, 6 and 7 on the Thomas Pollock farm, in section 36, in the same section the Federal Oil company is drilling Nos. 1 and 2 Thomas Evans, and J. P. Stone & Co. have No. 3 G. P. Gamble nearing completion.

In section 10, the Eastern Consolidated Oil Co. has the rig up for No. 9, V. H. Good. The Shawnee Oil Co. and Kerr have rigs for Nos. 6 and 7 J. A. Cooper and R. G. Gillespie is drilling Nos. 1, L. A. Leathers and J. George Lybarger.

In section 25, the Middlepoint Oil Co. is drilling No. 2 on the Hoglesbee farm.

IN CAIN INDIANA.

A dispatch from Portland Indiana says: The report of the Indiana Oil field for May shows the runs to have been 71,753 barrels, a daily average production of 23,218 barrels. This is a gain over April, of 1,724 barrels.

THE IDLER

James Greenland, a well known old time Lima boy who has been in the east most of the time for several years past, is here visiting his parents, Thos. Greenland, Sr. and wife, of south Main street. "Jim" has advanced well up the ladder in the mechanical world and is now foreman in the employ of the United States steel corporation. He will leave the first of next week for Butler, Pa., to superintend the construction of steel freight cars at a mammoth new shop erected by the company. Mr. Greenland is a brother of Thomas Greenland, Jr., of the solar refining Co's machine shops department, engineer Charles Greenland of the L. E. & W., and of engineer Harry Greenland, of the C. H. & D.

Wm. J. Barrett, of west McKibben street, will leave this city tonight for New York, where he will sail on Wednesday for Ireland. Mr. Barrett goes there for the benefit of his health.

Wapakoneta, O., June 7.-2 F. C. Hunter and Son are looking for a new location for their drug store into which they wish to go temporarily while erecting a new building. The west half of the building now occupied by them was purchased of S. W. McFarland last week by Chas. F. Herbst, and Messrs. Herbst and Hunter will tear down the old building and erect a new and modern business block in its stead. The block will have a fifty foot frontage and will be used, the first floor for a business room and second floor for offices, all of which have already been spoken for. The Postal Telegraph Company, of which W. S. Seiferd is manager, will occupy the principal office rooms. The old building which is to be razed, was one of the first brick structures in this city, and is more than sixty years old.

Manager Fisher promises devotees of the American game, one of the warmest games of the season tomorrow at the local park. The Sidney champions under Captain Elchler will be in hand to cross bats with the Reds, who will play the game of their lives tomorrow.

Campbell, the farmer boy pitcher, will be in the box, and Frank Seals, of Lima, will stand behind the bat. Roy Walts, Cassidy and Welsh will also be on hand. The local players are all in tip top condition and the team will receive the support they deserve tomorrow.

GAIN OF TWELVE.

The school enumeration of this city has just been completed by Clerk Hoegner and shows that there are 1290 unmarried people between the ages of 6 and 21, 706 males and 584 females just twelve more than last year.

PERSONAL.

The Ladies Aid Society of St. Marks Lutheran church were delightfully entertained last night by Mrs. William Constler.

Mrs. C. B. Whiteman has been in Findlay the past week attending the Ohio State Sunday School Convention.

Mr. and Mrs. S. W. McFarland and daughter, Marie, left here yesterday for an extended trip to New York.

Mrs. Ed. Puster has spent the past week in Dayton the guest of her parents and also attending the Elk's Carnival.

Miss Lillian Walsh is the guest of friends and relatives at Sidney.

Miss Marian Hamilton has returned home from an extended visit with friends and relatives at Columbus, O.

Mrs. Harry Waltz was a guest of her friends, Mrs. S. H. Adams, at Yorkland, Ind. the past week.

Mrs. Nora Baker, and daughter, of Greenville, Ohio, are the guests of Mrs. Minerva Thomas.

A number of people from this city attended the alum reception and banquet at St. Marys last night.

Miss Edith and Nellie Hunter visited Miss Della Carmen at the home of Mr. and Mrs. Thomas Howsber, near Buckland, yesterday.

All doubts are removed when you take your first dose of Hagee's Cordial of Cod Liver Oil Compound, as to its palatability, and a very few doses convince you that you have found the remedy you need. You will enjoy the spring and feel a complete revitalization, be prepared to throw off summer languor, and have a sharp appetite and relish for food, if you persevere in taking Hagee's Cordial. It is especially valuable to the aged and overworked, who find it so hard to endure the fatigue of the hot and sweltering days.

Cared for at Jail.

An aged and infirm man, who gave his name, and has since been identified as J. P. Bussert, was found in the out skirts of the city yesterday evening, along the C. H. & D. track and brought to the city prison to be cared for. It was evident from his rambling talk and inability to tell a connected story that his mind was weak and being unable to locate anyone who knew anything about him, he was sent to the county jail for the night.

He claimed to have a son working in the oil fields, and Sheriff Barr believed he had located him, but it turned out that Rudolph Bussert who is handling a string of tools for Joel Spyker is not the supposed son for whom the old man said he was searching.

This morning the mystery was cleared up by the appearance at the jail of a young man named Gillespie, who inquired for the old man, and said he was a distant relative. Gillespie had instructions to meet him at the C. H. & D. depot and see that he was safely transferred to the Pennsylvania for Ada, but Bussert either left the train before Lima was reached or Gillespie failed to meet him. The latter explained that Bussert has been living with a daughter at Toledo and has another daughter at Ada whom he was going to visit. He was turned over to Gillespie this morning and taken to the depot.

Deputy Sheriff Summers did not put him in with the other prisoners, but assigned him a cell up stairs, making him as comfortable as possible. Bussert thanked him with the remark, "you are the best landlord I ever saw."

He evidently believed that he was in a hotel for when asked this morning how he rated, he replied, "not very well during the empty part of the night, as the guests were pretty noisy." The prisoners kept up a racket during the storm and it was twelve o'clock before the singing ceased and they turned

## A Clothes Line Rescue

### And What Happened to the Rescuer.

The time is summer. The scene the yard of a comfortable American home, with rows of white garments whirling in the breeze. Suddenly a little shower begins to fall, and the anxious housewife dashes out into the rain to snatch in the drying linen. Her clothing is wet, her feet are damp, but the clothes from the line are dry, and she congratulates herself. Next month she is sick from functional derangement in some form, and submits to the pain and discomfort she endures. What she does not realize is that in just such little acts of thoughtlessness and their consequences there are often sown the seeds of womanly ill-health. Women are peculiarly self-forgetful in their home life. They keep on their feet when it means not only present pain but future suffering. They work

when they should rest. They either do not know or do not believe that the general health is so closely and intimately related to the local womanly health that when the latter is undermined there must be a falling in the general physical health.

#### THE WORTH OF HEALTH.

A woman never knows what her health is worth until it is lost. It is when she has to leave the guidance of the house to others wholly or in part; when she has to see household duties neglected or done in a slipshod manner; when she has little voice in the home to command or control; then it is that she realizes what health is to her, and what she has lost.

And yet in spite of her sufferings and her helplessness she would not doubt be a very indignant woman if some neighbor walked in and said abruptly, *Why don't you get well?*

But it would be a fair question. There are hundreds of thousands of women who have been cured of womanly diseases by Dr. Pierce's Favorite Prescription, and every one of those women is a living question asking:

Why don't YOU get well? Put away the idea that you cannot be cured, because in thousands of cases "Favorite Prescription" has cured women who had suffered for years and were deemed incurable.

Perhaps your case is different in some respects from any of those you know of. It is the cure of such cases which has made Dr. Pierce's Favorite Prescription famous among women, for its remarkable cures of womanly diseases.

#### Tarnished Silver.

Sulphur brackens and tarnishes silver, and as egg yolk contains sulphur this is the reason an egg stained silver spoon looks dull. A soaking in ammonia water will restore the brightness, and if the spoons when dry are allowed to lie packed in warm bran or sawdust the brilliancy will be retained indefinitely. This applies to all jewelry, whether of gold or silver setting.

#### Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armoak, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece who had consumption in an advanced stage also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50¢ and \$1.00 bottles guaranteed by H. F. Vorkamp, corner North and Main streets. Trial bottles free.

## BOERS

### Were Not Granted Too Much.

### Balfour Denies

### That Unnecessary Concessions Were Made

### He Expresses His Admiration for the Patriotic Burghers

### But Has No Respect For Those Who Deserted the Republic of South Africa in Their Distress.

London, June 7.—A. J. Balfour, the government leader in the house of commons, in a speech at a Conservative banquet in London referred to the South African war. He said the load was only thoroughly realized now that it had been removed, and that peace had not been bought by unnecessary concessions. He said he could respect the fighting burghers, but not those who had deserted the republic in South Africa. The contention of the Liberals, he continued, that peace might have been secured a year ago, was untenable, because General Botha then demanded independence.

#### Big Strike Imminent.

Spokane, Wash., June 7.—A strike that may extend from the Mississippi river to the Pacific ocean is imminent, unless concessions are made within the next 24 hours to the Great Northern railway boilermakers at Hilliard, a suburb of Spokane, who have made a demand for an increase of wages. The machinists at Hilliard are understood to be in sympathy with the boilermakers and may back them if necessary. The boilermakers at Hilliard have asked for an increase in wages of from \$3.50 to \$4 a day. Unless news is received that the advance is to be granted it is announced that the boilermakers will quit work at once, seriously crippling the machine shop.

#### Visited by a Tornado.

Mount Carroll, Ill., June 7.—Carroll county was visited by a tornado, the second within three years. It passed directly over the village of Thornton without doing any damage, but when a short distance west of that place descended upon the stock farm of G. N. Molony, one of the finest farms in Illinois, and reduced nearly all of his buildings to kindlingwood. No lives were lost, the family escaping by going to cellars. It blew down several other barns in the neighborhood and destroyed the Baptist church. It is estimated that the total damage will amount to \$25,000.

#### To Revise Trust Bill.

Washington, June 7.—Representative Richardson (Tenn.), the Democratic leader, introduced the bill revising the trust bill, which passed the house in the fifty-sixth congress and failed in the senate. It amends the Sherman act by making more stringent restrictions against contracts and combinations in restraint of trade, gives a civil right of action to any one injured in business by such a combination, forbids the use of the mails in furtherance of the business of a combine and provides for prosecuting those who ship trust made goods from state to state.

#### The New Ambassador.

London, June 7.—In a long eulogy of the Hon. Michael Henry Herbert the newly appointed British ambassador to the United States, the Paris correspondent of The Times says: "I think Mr. Edmund J. Mounse (the British ambassador to France) had a high appreciation of his merits, for he spoke of him always as a man in whom he could place every confidence and who allowed him to absent himself from his post without feeling any anxiety. In a word Mr. Herbert is a fortunate diplomatist; he has almost no history."

#### A Cloudburst.

Marshalltown, Ia., June 7.—A terrific cloudburst occurred at Olan Brook, washing out several miles of railroad track on both the Chicago and Northwestern and the Chicago Great Western. Many bridges are gone and all trains on both roads are delayed many hours. Great damage is also reported on other roads. Stock is being rescued by boats. Boniford Langdon, a 7-year-old boy, fell from a trestle while trying to cross a creek and was drowned.

#### Chasing Bandits.

Manilla, June 7.—American soldiers and members of the native constabulary have recently been engaged in hunting for Para Ido, the bandit leader in the island of Negros. In a recent engagement between the Americans and bandits five of the latter were killed and four were captured, and many were wounded. Para Ido is reported to have been wounded.

Sawmills Burned. McManis, Va., June 7.—The sawmills and planing mills of J. S. Bailey & Company were destroyed by fire. Two million feet of lumber and seven freight cars were also burned. The loss will be approximately \$15,000, with little insurance.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.

Not worth saving.—Mike (going down a ladder)—Hould on! Pat. Don't get out on the ladder till I get down. It's old and cracked. Pat (getting out)—Ain't he a? It would save the loss right to have to buy a new one.

Seven Years in Bed. "Will wonders ever cease?" inquired the friends of Mrs. J. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk, she writes, 'and in three months I felt like a new person.' Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizziness will find it a priceless blessing. Try it. Satisfaction is guaranteed at H. F. A Terrible Explosion

"Of a gasoline stove burned a lady here frightfully" writes N. S. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Balm entirely cured her." Available for Cuts, Corns, Blisters, Bruises, Skin Diseases and Piles. See at H. F. Vorkamp's, corner North and Main street.

What is your idea of a statesman?

A statesman, said farmer Cornet, is an office-holder who can quit thinking about quail on toast once in a while and remember the American eagle.

If troubled with rheumatism, give Chamberlain's Pain-Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises. I don't think the these required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25¢ and 50¢. All druggists. apr-13m.

## Mrs. Laura S. Webb,

Vice-President of Women's Democratic Club of Northern Ohio.

HERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in life healthily live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I am so glad to say that the first month, so I kept on taking it for three months and now I am feeling like a new woman. I shall take it off and on now until I have passed the change. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

TEN YEARS IN BED.

R. A. Gray, J. P. Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God send to me." H. F. Vortkamp, corner North and Main streets.

## MAKE JOBS FOR LIFE

HOW IT IS PROPOSED TO REFORM CONSULAR SERVICE.

There is to be abolished and salaries to be raised and graded—Applicants must speak a foreign language—Appointments for life.

Should Senator Lodge succeed in reorganizing the consular service and putting it on a permanent life tenure basis, as he is now endeavoring to do, hundreds of good jobs will be created for patriotic young Americans who are desirous of serving their country in soft places with good pay. But entering the service will be more difficult than at present, as each applicant must show proficiency in either French, German or Spanish.

Senator Lodge proposes to divide our various consular offices into ten uniform grades, ranging from consul general of the first class, with a salary of \$10,000 a year, to consul of the sixth class, receiving \$1,800 a year. Applicants must be between the ages of twenty-one and fifty-five and must pass an examination in French, German or Spanish; also in various commercial subjects. Life positions are to be made of the consular berths, great and small, which have been emptied and refilled since the administration of Washington at the will of changing administrations.

Such a reorganized establishment will offer its personnel the delights and advantages of foreign travel. Any one ripening in the service will have seen pretty much all of the world. Many congressmen recognize the necessity for reform, and it now seems to be only a question of time before the necessary legislation which the state department, the various chambers of commerce and boards of trade are asking for will be passed. What these patrons of the reform want is a consular service where in a man can spend a lifetime of usefulness, storing up experience as potential energy for Uncle Sam's benefit. Today a man in the service loses his job as soon as his apprenticeship has been served.

The present United States consular service is a badly mixed up affair. It

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made weak by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription.

It cures the highest regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and I had no appetite and would often sit up at night and cry. I had taken half of the medicine and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at Wm. M. Melville's drug store, old post office corner.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now, may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for the children and adults. No family can afford to be without it. For sale by Wm. M. ## REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made weak by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription.

It cures the highest regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and I had no appetite and would often sit up at night and cry. I had taken half of the medicine and could hardly

Little Pains and Happiness

Had a Place

In the Home That Wife Deserted

And Even Less In One Where Another Wife Wielded a Beer Bottle

Two Divorces Granted This Afternoon and Another Applicant Was Successful at Yesterday's Session

As usual Saturday ushered in several divorce proceedings and Judge Cunningham granted two divorces this afternoon, both plaintiffs being husbands who had either been deserted or subjected to abuse that doesn't find its atone in a home where peace and happiness reigns.

Wm. J. Richmond was granted a divorce from Martha L. Richmond, after establishing his allegation of cruelty. Dr. Pence testified that he was called upon to dress and sew up a wound in Richmond's head which had been inflicted by a bottle in the hands of his wife. The latter acknowledged that she had tried to "knock her husband's block off" and didn't intend living with him any more. The trouble occurred because he refused to get her a bottle of beer.

Dunavan vs. Dunavan was the style of the second case. The husband was granted a divorce on the ground of wilful absence. He testified that his wife had fixed her affection on a station keeper named Smith who formerly lived at Van Wert and the last he heard from them they were in Kansas.

During yesterday's session of court, Emma O. Stalle was granted a divorce because of neglect of duty on the part of her husband, Louis J. Stalle. Her maiden name, which was Cheney, was restored at her request.

End Not in Sight.

About as stubbornly contested case that has been before the jury during the term and which has but little in it of general interest, is the action of H. W. Lewis vs. Frances Osborn. The plaintiff, who is a contractor, built a house for the defendant, which has been only partly paid for and the latter refused to pay the contract price because of various blemishes from the plans and specifications. The case has consumed several days and was carried up until noon today without being completed.

Will Go to Common Pleas.

Steps toward an appeal of the J. H. Smith case to the common pleas court were taken today when an argument for a new trial was heard by Probate Judge Miller and overruled. Smith is the clerk of the village of Cairo, who was found guilty of misfeasance in office.

Railroad Trespassing.

Orman P. Kephart wants the Chicago & Erie enjoined from encroaching on his premises in Arianda township. He complains that the company has hauled earth from the place and removed a fence to his damage in the sum of \$500. Klinger & Qual represent the plaintiff.

Hairs Bought It.

There was some spirited bidding on a farm adjoining Delphos, which was offered for sale by Deputy Sheriff Summers this afternoon. The sale was brought about by a suit in partition in which Veronora Hotz was plaintiff and Rosalia Stalkamp, et al. defendants, all heirs of Joseph Sathoff, deceased. The property consisted of 110 acres and was appraised at \$16,040. After the bidding had run up at jumps of \$100 until it reached \$10,600, a bid of one dollar more was offered and the property was knocked down to the defendant heirs. Not a little family trouble was manifested and the children, with the exception of the plaintiff, who was a daughter of the deceased, had combined to keep the farm from falling into the hands of strangers.

Smith Divorce Case Again.

Another chapter will be added to the sensational divorce suit of Isaac Smith Monday, which was continued a couple of weeks ago, after some decidedly racy testimony was introduced. Mrs. Smith in the woman charged in her husband's petition of having deserted her home and gone to Denver Colorado, with Edwin Shepherd, former night watch master of the Detroit Southern. The case was continued by Judge Cunningham, who desired to have all of the evidence that could be produced

to substantiate the charge of adultery, thus giving the defendant every opportunity to prove her innocence.

Holmes Addition Taken In.

The county commissioners yesterday increased the size of the city by annexing a tract of twenty acres, taking into the corporation the lots known as the Holmes addition located in south east Lima. A number of new houses have been built and it is growing up rapidly.

And Allen County's Delegations

Will Turn Out

In Full Force to Go to Sidney

Will Leave This City at 5:30 O'clock On Next Tuesday Morning.

Sidney Citizens Hold a Mass Meeting to Make Preparations For Entertainment of the Visitors.

The citizens of Sidney are determined that they shall not be outdone by Celina in the matter of entertaining the delegates and other visitors who will attend the adjourned session of the Fourth district Democratic Congressional convention to be held in the Shelby county capitol next Tuesday. A mass meeting of the citizens of the Miami valley town was held last night and committees were appointed and other preliminary arrangements were made for the event.

The delegations from this city and county will go to Sidney over the C. H. & D. on train 12 which will leave here at 5:30 o'clock Tuesday morning. Agent Burkhardt has arranged for a rate of \$1 for the round trip for all who go on that train. Concerning the Sidney meeting the News of that city says:

"There will be 250 delegates present and more than that number of friends of the candidates besides. There were from 800 to 1000 in attendance all the time at Celina and it is fair to presume there will be near that number at the Sidney convention. The town of Celina was taxed to its utmost capacity to care for the visitors. The hotels and restaurants did double work in feeding the crowd and found accommodations at outside residences for many they could not furnish with beds in the hotels. The citizens of the town threw open their houses so that all found a place to stay. We failed to hear a single complaint from any one that meals or beds could not be found.

"Sidney is twice as large as Celina, has more hotel accommodations and her people are, we think, equally as hospitable as at Celina. We have two days now to prepare for the accommodation and comforts of our visitors while they stay among us. Let every one do his part and maintain the reputation of our beautiful valley city."

# DONAHUE

Bound Over to Grand Jury for the Wool Robbery.

Man to Whom the Wool Was Shipped as "Household Goods" is Still at Large.

Chief Mills and officer Hugh Patton returned from Detroit, Mich. this morning with their prisoner, "Red" Donahue, who is charged with the wool robbery that occurred at Cairo a week ago Wednesday night. Donahue was given a hearing before the mayor this morning and was bound over to the grand jury and sent to the county jail. The preliminary hearing of the other suspects under arrest was continued this afternoon.

The stolen wool was found in the L. S. & M. S. freight depot in Detroit, having been shipped from here to Detroit as "household goods" and addressed to Fritz Adams, a partner Donahue's.

Native Pride—I suppose, said the easterner sarcastically, you never have a single cyclone in your country. Right you are, replied the Kansan honestly, we never have anything less than a cyclone or a tri-cyclone here.

Work of the Choral Society

Was Enjoyed

By an Appreciative Audience

At Both Afternoon and Evening Entertainments Yesterday.

Soloists were Well Chosen and the Chorus was Strong and Evenly Balanced—The Event a Success.

The Lima choral society's annual festival of music, given in the Fairport opera house yesterday afternoon and last night, was a grand and thorough musical success that exceeded the expectations of a large majority of the patrons. The attendance was not as large as the program and the talent that participated, merited but the audiences at both entertainments were made up of refined and appreciative lovers of vocal music. The rendition of A. Goring Thomas' "The Swan and the Skylark" and of Protheroe's "The Britons" at the afternoon entertainment and the rendition in the evening of Handel's great oratorio "Samson", showed the careful and efficient training that the society has received under the directorship of Prof. Hugh W. Owens and proved that the chorus had labored earnestly to attain the magnificent conception of the compositions it so ably rendered. The chorus is as well balanced as it is trained and the almost perfect enunciation, expression and climaxes were excellent testimonials of the talent and ability both of the soloists and their director.

The soloists were well chosen and eminently well fitted for their respective parts. Mrs. Anna Rogall Root, the soprano, has a voice of remarkable volume and thorough training, and Miss Arthur, the alto, needed no introduction to a Lima audience. Though her voice is not as strong as some, it possesses a beautiful, every clearness that carries it with an effect that is remarkably pleasing. Her sweet voice and her easy, charming natural grace made her a favorite throughout the entire program of both entertainments.

H. Evan Williams, the tenor, and Dr. Carl Dufft, in the bass solo parts, both displayed magnificent voices and excellent training. Their solos were well rendered and were well received and applauded. The tenor solo assigned to Mr. Henry Debel in the afternoon program was rendered in that easy, pleasing manner that has always made him a favorite wherever he has sung.

Both entertainments were of the character that tend to create and elevate all lovers of fine music and while it is thought that the receipts were sufficient to defray all expenses it is to be deplored that more of the people of the city did not take advantage of the opportunity to show their appreciation of the efforts of the society. The members of the Ada society who assisted are to be congratulated upon their excellent work in helping to make the event the magnificent musical success that it was. Miss Mayme F. at is also deserving of special mention for her valuable and efficient services as accompanist.

# CONGRESSMAN CROWLEY

Uses Peruna in His Family For Catarrhal and Nervous Affections.

CONGRESSMAN J. B. CROWLEY.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic, Peruna. Congressman Crowley says:

"After giving Peruna a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds and la grippe, and all catarrhal complaints."

"Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—J. B. CROWLEY.

No other remedy invented by man has ever received as much praise from men of high station as Peruna. Over forty members of Congress have tried it and recommended it to suffering humanity. They use it themselves to guard against the effects of the intense strain of public life; to ward off the ill effects of the changeable climate of Washington. They keep it in their homes for family use. They recommend it to their neighbors, and they do not hesitate in public print to declare their appreciation and endorsement of this greatest of modern remedies.

It is exactly as Congressman Crowley says: "Peruna is a swift and sure remedy for coughs, colds and la grippe and all catarrhal complaints. It is an excellent remedy in all nervous troubles. It never fails to prove itself a powerful tonic and a lasting cure." This is what Congressman Crowley says, and this is what thousands of other people are saying all over the United States.

Congressman Romulus Z. Linney from Taylorville, N.C., writes: "My secretary has had a case of catarrh as I ever saw, and since he has taken one

of Peruna he seems like a different man."—Romulus Z. Linney.

Congressman A. T. Goodwyn, Robinson, Ark., writes: "I have now used one bottle of Peruna and am a well man today."—A. T. Goodwyn.

U. S. Senator W. N. Roch from Lawrence, Mo., writes: "I have used Peruna as a tonic. It has greatly helped me in strength, vigor and appetite."

Congressman H. W. Ogden from Benton, La., writes: "I can conscientiously recommend your Peruna."—H. W. Ogden.

Congressman H. W. Smith from Murphysboro, Ill., writes: "I have taken one bottle of Peruna for my catarrh and I feel very much benefited."—Geo. W. Smith.

Congressman David Meekison from Napoleon, O., writes: "I have used several bottles of Peruna and feel greatly benefited thereby from my catarrh of the head."—David Meekison.

Senator Mallory, of Pensacola, Fla., writes: "I have used your excellent remedy, Peruna, and have recommended it both as a tonic and a safe catarrh remedy."—Stephen R. Mallory.

Senator M. C. Butler, ex-governor of South Carolina, writes: "I can recommend Peruna for dyspepsia and stomach trouble."—M. C. Butler.

Senator W. V. Sullivan from Oxford, Miss., writes: "I take pleasure in recommending your great national catarrh cure, Peruna, as the best I have ever tried."—W. V. Sullivan.

Senator J. M. Thurston from Omaha, Neb., writes: "Peruna entirely relieved me of a very irritating cough."—J. M. Thurston.

Congressman H. G. Worthington from Nevada, writes: "I have taken one bottle of Peruna and it has benefited me immensely."—H. G. Worthington.

Congressman Howard from Ft. Payne, Ala., writes: "I have taken Peruna for la grippe, and I take pleasure in recommending Peruna as an excellent remedy."—M. W. Howard.

Congressman Willis Brewer from Haynesville, Ala., writes: "I have used one bottle of Peruna for lassitude, and I take pleasure in recommending it."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
